

# PASSING

**A 5 day practical workshop for people who want to deepen their understanding and application of Social Role Valorisation (SRV)**

**Monday 4 March - Friday 8 March 2019 Pennant Hills (Sydney)**

## ABOUT THIS WORKSHOP

PASSING is a five day, live-in workshop where you will deepen your understanding of the lived experience of devalued people, the services that serve them, and the SRV framework.

You will visit two human services and have interviews and conversations with the people being served and those serving them. Led by a highly knowledgeable teacher of SRV and a team leader, you will then explore your observations through the SRV framework to unpack the complexities of service design and delivery.

Past participants of the PASSING workshop have found it to be an eye-opening, mind-expanding training opportunity that deepened their understanding and strengthened their commitment to serving devalued people.
